

CWA/IBEW BARGAINING TAPE MESSAGE
November 26, 2007

The Union and the Company were scheduled to meet today at the Rye Town Hilton but the company was not prepared to answer any of our questions regarding their proposal. The company exchanged some limited data which we had requested but unfortunately this information was insufficient. The Unions have made several data requests and the company is attempting to answer those requests and also provide experts to explain this information. The parties are scheduled to meet tomorrow.
